

The diagram shows a template for an ear saver. It consists of a central yellow rectangular area with rounded corners, outlined in red. This yellow area is surrounded by a grey border that has a wider, flared section on each side, resembling the shape of an ear saver. Two vertical red dashed lines are positioned on the far left and far right, indicating the edges of the material.

## **EAR SAVER, CUSTOM PRINTED**

**GRAPHIC AREA:** Surface in yellow

***Keep all important graphics such as:  
logos, text, etc. in the yellow zone***
